

RKSC Funded Trainees 2009-2015

Trainee	Mentor	Training Period	Title of Research Project(s)
Lada Beara-Lasic, MD	D. Goldfarb/ J. Lieske	09/01/2009-06/30/2011	Dent Disease
Lada Beara-Lasic, MD NYU Asst. Professor	D. Goldfarb/ J. Lieske	07/01/2012-06/30/2014	Dent Disease: Role of phosphorus and FGF23 in patients with Dent disease
Hatem Amer, MD Mayo Clinic Asst. Professor	J. Lieske/ D. Milliner	07/01/2013-06/30/2014	Transplant Nephrocalcinosis: Incidence, risk factors and graft function
Larissa Kovacevic, MD Children's Hospital of MI Asst. Professor	D. Goldfarb	07/01/2013-06/30/2014	Cystinuria: Urine proteomic analysis in cystinuric patients with renal stones
Jonathan Whittamore, PhD U. Florida Asst. Professor	M. Hatch	07/01/2013-06/30/2014	Primary Hyperoxaluria: Acid-base regulation of intestinal oxalate transport
Lama Nazzal, MD NYU Nephrology Fellow	D. Goldfarb	07/01/2013-06/30/2014	Primary Hyperoxaluria: Descriptive analysis of gut microbiome alterations in hyperoxaluric patients
Lama Nazzal, MD, MSc NYU School of Medicine Clinical Instructor	D. Goldfarb/ J. Lieske/M. Blaser	07/01/2015-06/30/2016	Descriptive analysis of gut microbiome alterations in hyperoxaluric conditions
David Sas, DO, MPH Mayo Clinic Assistant Professor	D. Milliner/ J. Lieske	07/01/2015-06/30/2016	Characterization of urinary microbiome in primary hyperoxaluria and cystinuria
Min-Hwang Chang, PhD Mayo Clinic Assistant Professor	M. Romero/ J. Lieske/ P. Harris	07/01/2015-06/30/2016	Mechanistic studies of CLCN5 point mutations to understand genotype-phenotype correlations in Dent disease
